

# Connecting Goals and Strategies for a Healthier and Safer Oregon for Young People

In working to prevent different forms of violence/abuse and promote healthy attitudes, beliefs, and behaviors for all, much of our work overlaps and impacts the work being done in other sectors. When we start to look at the various goals and strategies of these sectors we can start to see overlaps and identify more clearly, places to collaborate and coordinate our efforts.

## Sexual Violence Prevention<sup>1</sup>

Sexual health inequities are eliminated.

Youth use accurate information and well-developed skills to make thoughtful choices about relationships and sexual health.

Young people experience their sexuality as a natural and positive element of maturation.

Non-consensual sexual behaviors are reduced.

Promoting the status of all genders

Increase programs that promote mindful, psychological flexibility

Promoting healthy and safe attitudes and beliefs about sexuality

All children have positive caregiving experiences

Every family has access to, and ability to utilize, formal services and supports without fear of stigma

Decrease exposure to violence and adverse experiences.

Increase knowledge and practices for nonviolent problem-solving skills for families and youth in grades K-12

## Sexual Health Promotion<sup>2</sup>

Rates of unintended pregnancy are reduced.

Rates of sexually transmitted infections are reduced.

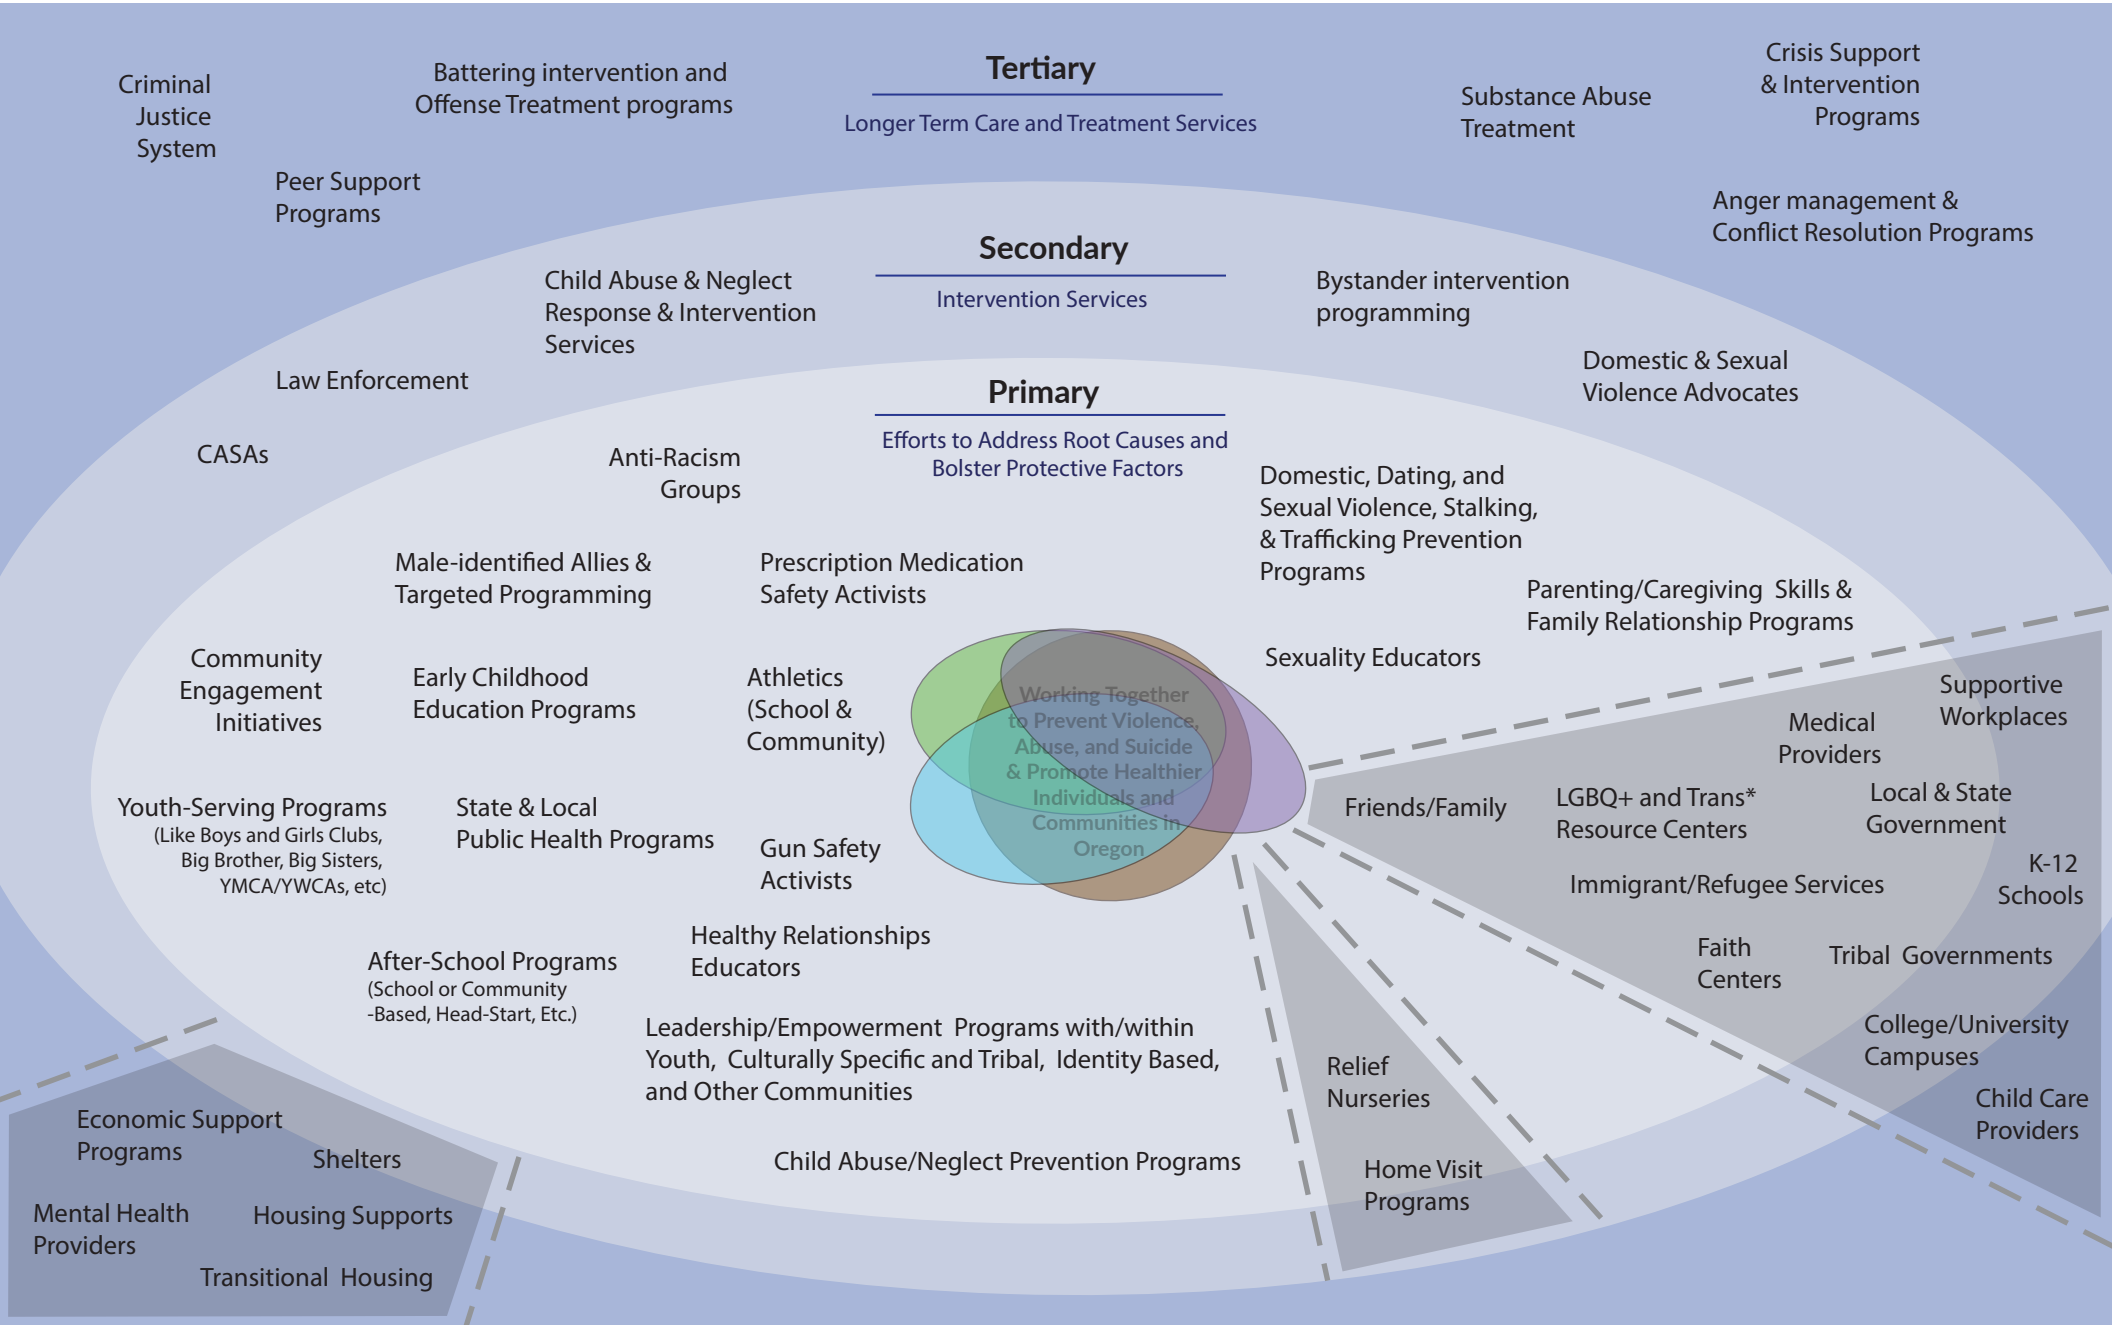

## Child Abuse Prevention<sup>3</sup>

## Suicide Prevention<sup>4</sup>

# Building Communities of Prevention

Healthier and safer communities are possible, when we all find our roles, when we all work together. Here are just some of the prevention players in Oregon's Communities. Who is missing?
